

### **REMARKS**

Applicants hereby offer preliminary amendments to the present divisional application to cancel subject matter of the allowed parent application Serial No. 10/130,810 and to place the application in better form for allowance. Applicants respectfully submit that the claims remain fully supported in the specification.

Applicants have amended the specification to change the title to correspond to the English version of the title appearing on the International Application, to include headings, and to insert a statement of priority. Applicants submit that these amendments serve only to clarify their application and do not alter the scope of their disclosure.

Applicants have amended the Abstract to change the title for the reasons discussed above and to change the heading to a more customary form. A copy of the new Abstract is separately attached.

In view of the preceding amendments and remarks, allowance of the claims is respectfully requested.

Respectfully submitted,

By
